AKER H-6E DRILLING RIGS
Subcontract No. AKST-PR-06-0007 and AKST-PR-06-0008

Subject : Letter of recommendation

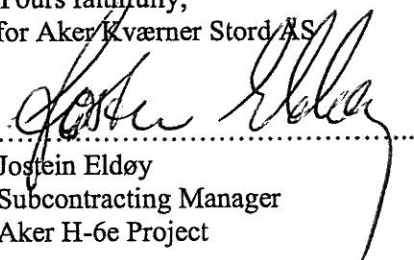

To whom it may concern

On 30.03.2006, Mostostal Promorze s.a. and Aker Kværner Stord signed contracts for fabrication of major steel sections for the topsides of two Aker H-6e Drilling Rigs. The delivery consisted of partly outfitted steel sections and some outfitting steel. The Contract was later varied to include for additional work, and the final weight was 3500 tons.

Mostostal Promorze s.a. delivered all work to Aker Kvaerner Stord's full satisfaction both regarding quality and timely delivery. We will not hesitate to engage Mostostal Pomorze s.a. for future work.

The project manager Mr. Witold Piasicki has in all respects preformed an excellent leadership.

Yours faithfully,
for Aker Kværner Stord AS
